ⁱ The published deadline¹ refers to a deadline date set in each recruitment round; Round 1 (30/03/2023) Round 2 (20/04/2023) Round 3 (23/10/2023)

ⁱⁱ 'When is this evaluated' is indicative but may be carried out at any time throughout the selection process.

ⁱⁱⁱ The GMC introduced the licence to practise in 2009. Any doctor wishing to practise in the UK after this date must be both registered with and hold a licence to practise from the GMC at time of appointment.

^{iv} 'Intended start date' refers to the date at which the post commences, not (necessarily) the time an offer is accepted. For 2023 ST4 posts this will normally be 2nd August 2023, unless a different start date is specifically indicated in advance by the employing trust/Local Office.

^v 'Selection centre' refers to a process, not a place. It involves a number of selection activities which may be delivered within the unit of application.

^{vi} Applicants are advised to visit the GMC website which gives details of evidence accepted for registration

^{vii} Any time periods specified in this person specification refer to full-time-equivalent.

^{viii} All experience in posts at any level in this speciality count, irrespective of the country the experience is gained

^{ix} Exceptional circumstances may be defined as a demonstrated change in circumstances, which can be shown on the ability to train at that time and may include severe personal illness or family caring responsibility incompatible with continuing to train. Applicants will only be considered if they provide a 'support for reapplication to a speciality training programme' form signed by both the Training Programme Director / Head of School and the Postgraduate Dean in the Local Office / Deanery that the training took place. No other evidence will be accepted

^x The Support for Application to another region form, signed by the Training Programme Director of their current Speciality Training Programme confirming satisfactory progress must be submitted to the recruitment office at time of application.
