<p align="center">Personal Skills</p>		
<p>Communication Skills:</p> <ul style="list-style-type: none"> • Demonstrates clarity in written/spoken communication, and capacity to adapt language to the situation, as appropriate • Able to build rapport, listen, persuade and negotiate <p>Problem Solving and Decision Making:</p> <ul style="list-style-type: none"> • Capacity to use logical/lateral thinking to solve problems/make decisions, indicating an analytical/scientific approach <p>Empathy and Sensitivity:</p> <ul style="list-style-type: none"> • Capacity to take in others' perspectives and treat others with understanding; sees patients as people • Demonstrates respect for all <p>Managing Others and Team Involvement:</p> <ul style="list-style-type: none"> • Able to work in multi professional teams and supervise junior medical staff • Ability to show leadership, make decisions, organise and motivate other team members; for the benefit of patients through, for example, audit and quality improvement projects • Capacity to work effectively with others <p>Organisation and Planning:</p> <ul style="list-style-type: none"> • Capacity to manage/prioritise time and information effectively • Capacity to prioritise own workload and organise ward rounds • Evidence of thoroughness (is well prepared, shows self-discipline/commitment, is punctual and meets deadlines) <p>Vigilance and Situational Awareness:</p> <ul style="list-style-type: none"> • Capacity to monitor developing situations and anticipate issues <p>Coping with Pressure and Managing Uncertainty:</p> <ul style="list-style-type: none"> • Capacity to operate under pressure • Demonstrates initiative and resilience to cope with changing circumstances • Is able to deliver good clinical care in the face of uncertainty <p>Values:</p> <ul style="list-style-type: none"> • Understands, respects and demonstrates the values of the NHS Constitution (e.g. everyone counts; improving lives; commitment to quality of care; respect and dignity; working together for patients; compassion) 	<p>Management and Leadership Skills:</p> <ul style="list-style-type: none"> • Evidence of involvement in management commensurate with experience • Demonstrates an understanding of NHS management and resources • Evidence of effective multi-disciplinary team working and leadership, supported by multi-source feedback or other workplace based assessments • Evidence of effective leadership in and outside medicine <p>IT Skills:</p> <ul style="list-style-type: none"> • Demonstrates information technology skills <p>Other:</p> <ul style="list-style-type: none"> • Evidence of achievement outside medicine • Evidence of altruistic behaviour e.g. voluntary work • Evidence of organisational skills – not necessarily in medicine eg grant or bursary applications, organisation of a university club, sports section etc 	<p>Application form Interview/selection centre References</p>
<p align="center">Probity – Professional Integrity</p> <ul style="list-style-type: none"> • Demonstrates probity (displays honesty, integrity, aware of ethical dilemmas, respects confidentiality) • Capacity to take responsibility for own actions 		<p>Application form Interview/selection centre References</p>

<p>Commitment to Specialty – Learning and Personal Development</p>		<p>Application form Interview/selection Centre References</p>
<ul style="list-style-type: none"> • Shows initiative/drive/enthusiasm (self-starter, motivated, shows curiosity, initiative) • Demonstrable interest in, and understanding of, the specialty • Commitment to personal and professional development • Evidence of attendance at organised teaching and training programme(s) • Evidence of self-reflective practice. • Commitment to chosen career for example through being able to demonstrate some of the following: <ul style="list-style-type: none"> • an understanding of the use of modern imaging techniques in current clinical practice in chosen specialty • evidence of time spent in a nuclear medicine/radiology department observing the work of a radiologist/nuclear medicine physician • an understanding of the role of a consultant nuclear medicine physician/radiologist in the modern NHS, including the impact of NHS targets • an understanding of the structure of training and potential careers in chosen specialty • appreciation of change in working practice i.e. a "service" specialty • some knowledge of the opportunities and threats to a career in chosen specialty 	<ul style="list-style-type: none"> • Extracurricular activities / achievements relevant to chosen specialty • Evidence of participation at meetings/courses relevant to chosen specialty 	

ⁱ 'When evaluated' is indicative, but may be carried out at any time throughout the selection process.

ⁱⁱ EEA applicants without MRCP(UK) may be eligible under the EU directive 2005/36/EC. For further information, please refer to the JRCPTB website:

<http://www.jrcptb.org.uk/Careers%20and%20Recruitment/Pages/Introduction.aspx>

- iii 'The required deadline' refers to a deadline date set in each recruitment round by which applicants must meet certain requirements (e.g. GMC registration); this date will be specified clearly within the published advertisement for that recruitment round.
 - iv 'Selection centre' refers to a process, not a place. It involves a number of selection activities which may be delivered within the unit of application.
 - v The GMC introduced the licence to practise in 2009. Any doctor wishing to practise in the UK after this date must be both registered with and hold a licence to practise from the GMC at time of appointment.
 - vi 'Time of appointment' refers to the date at which the post commences, not (necessarily) the time an offer is accepted.
 - vii Applicants are advised to visit the GMC website which gives details of evidence accepted for registration
 - viii Any time periods specified in this person specification refer to full-time-equivalent. All relevant postgraduate experience (excluding Foundation) is counted, irrespective of the country in which it was gained
 - ix The list of 30 'physicianly medical specialties', as defined by JRCPTB, can be viewed on their website at: <http://www.jrcptb.org.uk/trainingandcert/ST3-SpR/Pages/Introduction.aspx>
 - xi Evidence can include portfolio, logbook, ARCP, or equivalent. Where relevant/applicable, workplace-based assessments (eg CbD, mini-CEX, ACAT, DOPS, MSF, or equivalent) may also be used to demonstrate achievement of competences.
-

ii The Support for Application to another region form, signed by the Training Programme Director of their current Specialty Training Programme confirming satisfactory progress must be submitted to the recruitment office at time of application.

iii Exceptional circumstances may be defined as a demonstrated change in circumstances, which can be shown on the ability to train at that time and may include severe personal illness or family caring responsibility incompatible with continuing to train. Applicants will only be considered if they provide a 'support for reapplication to a specialty training programme' form signed by both the Training Programme Director / Head of School and the Postgraduate Dean in the LETB / Deanery that the training took place. No other evidence will be accepted.
