

COMBINED INFECTION TRAINING – ST3

ENTRY CRITERIA	
Essential Criteria	When is this evaluated? ⁱ
<p>Qualifications:</p> <p>Applicants must have:</p> <ul style="list-style-type: none"> • MBBS or equivalent medical qualification • Either of the following: <ul style="list-style-type: none"> ➢ MRCP(UK) Part 1 at time of application and MRCP(UK) full diploma by the published deadlineⁱⁱ ➢ Eligibility for the specialist register in general internal medicine by time of applicationⁱⁱⁱ ➢ Completion of Irish Basic Specialty Training in medicine and the MRCPI full diploma by time of application 	<p>Application form</p> <p>Interview/selection centre^{iv}, pre-employment check</p>
<p>Eligibility:</p> <p>Applicants must:</p> <ul style="list-style-type: none"> • Be eligible for full registration with, and hold a current licence to practise^v from, the GMC at the advertised post start date^{vi} • Have evidence of achievement of foundation competences from a UKFPO-affiliated foundation programme or equivalent, by time of application in line with GMC standards/Good Medical Practice • Have evidence of achievement of core medical capabilities, for the round of application, via one of the following methods: <ul style="list-style-type: none"> ➢ Current employment in a programme which leads to successful completion of year 2 of Internal Medicine Stage 1 Training by the advertised post start date, via one of these approved routes: <ul style="list-style-type: none"> ○ UK Internal Medicine Stage 1 Training ○ UK ACCS (Internal Medicine) ○ UK Broad Based Training (medicine route) ○ JRCPTB internationally level 3 accredited equivalent Internal Medicine Stage 1 Training programme^{vii} ○ UK core medical training or ACCS (acute medicine) ➢ Successful completion of one of the programmes listed above, evidenced by ARCP^{viii} ➢ Evidence of achievement of the capabilities required by completion of year 2 of the Internal Medicine Stage 1 curriculum at time of application. Acceptable evidence is only permitted via the Alternative Certificate to Enter Group 2 Higher Physician Specialty Training^{ix} • Be eligible to work in the UK 	<p>Application form, interview/selection centre, pre-employment check</p>
<p>Fitness to practise:</p> <p>Is up to date and fit to practise safely</p>	<p>Application form, references</p>

<p>Language skills:</p> <p>Applicants must have demonstrable skills in written and spoken English, adequate to enable effective communication about medical topics with patients and colleagues, as assessed by the General Medical Council^x</p>	<p>Application form, interview/selection centre</p>
<p>Health:</p> <p>Applicants must meet professional health requirements (in line with GMC standards / Good Medical Practice)</p>	<p>Application form, pre-employment health screening</p>
<p>Career progression:</p> <p>Applicants must:</p> <ul style="list-style-type: none"> • Be able to provide complete details of their employment history • Have evidence that their career progression is consistent with their personal circumstances • Have evidence that their present level of achievement and performance is commensurate with the totality of their period of training • Have sufficient experience^{xi} working in medical specialties (not including foundation level experience) by the advertised post start date. This can be via either: <ul style="list-style-type: none"> ➢ Training completed in: <ul style="list-style-type: none"> ○ UK Core Medical Training or UK ACCS (Acute Medicine) ○ The first two years of UK Internal Medicine Stage 1 Training ○ The first three years of UK ACCS (Internal Medicine) ○ The first three years of UK Broad Based Training (medicine route) ○ A JRCPTB internationally level 3 accredited equivalent CMT programme or the first two years of an Internal Medicine Stage 1 Training programme or ➢ Have at least 24 months' experience in medical specialties (of which at least 12 months must include the care of acute medical in-patients). Experience in certain acute care common stem specialties can be counted towards the 24 months in some circumstances^{xii} • Have notified the Training Programme Director of the Specialty Training Programme they are currently training in if applying to continue training in the same specialty in another region^{xiii}. • Not already hold, nor be eligible to hold, a CCT/CESR in the specialty; and must not currently be eligible for the specialist register for the specialty to which they are applying^{xiv} • Applicants must not have previously relinquished or been released / removed from a training programme in this specialty, or associated Core training programme, except if they have received an ARCP outcome 1 (outcome 6 for associated core training) or under exceptional circumstances • For those wishing to be considered for Locum Appointment for Training posts (where available): no more than 24 months experience in LAT posts in the specialty by intended start date 	<p>Application form Interview/selection centre</p>
<p>Application completion:</p> <p>ALL sections of application form completed FULLY according to written guidelines</p>	<p>Application form</p>

SELECTION CRITERIA		
Essential Criteria	Desirable Criteria	When is this evaluated?
Qualifications		
<ul style="list-style-type: none"> As above 	<ul style="list-style-type: none"> Intercalated BSc or equivalent Higher degrees including MSc, PhD or MD (where the research thesis is not part of first medical degree) 	Application form, interview/selection centre
Career Progression		
<ul style="list-style-type: none"> Evidence that present achievement and performance is commensurate with totality of training 		Interview/selection centre
Clinical Experience		
<ul style="list-style-type: none"> Evidence of experience in a range of acute medical specialties, with experience of managing patients on unselected medical take during core training or equivalent 	<ul style="list-style-type: none"> Experience at core level of managing patients with infectious disease Experience of laboratory work (including research) relevant to infection Experience of managing patients with severe acute medical disease. 	Application form Interview/selection centre References
Clinical skills – clinical knowledge & expertise		
<ul style="list-style-type: none"> Demonstrates awareness of the basics of managing patients with infection, including awareness of relevant medical microbiology and virology laboratory techniques Demonstrates awareness of managing acute medical conditions, including emergencies, in patients and out patients Appropriate knowledge base, and ability to apply sound clinical judgement to problems Proficiency in a range of medical procedures (as defined by the Internal Medicine Stage 1 curriculum) as an indication of manual dexterity and hand-eye coordination Able to work without direct supervision where appropriate Able to prioritise clinical need Able to maximise safety and minimise risk 	<ul style="list-style-type: none"> Evidence of some capabilities in the specialty as defined by the relevant curricula Evidence of skills in the management of acute medical emergencies Evidence of skills in the management of patients not requiring hospital admission 	Application form Interview/selection centre References

Academic skills		
<p>Research and quality improvement skills:</p> <ul style="list-style-type: none"> • Demonstrates understanding of research, including awareness of ethical issues • Demonstrates understanding of the basic principles of clinical risk management, evidence-based practice, patient safety and clinical quality improvement initiatives • Evidence of involvement in a quality improvement or formal research project • Demonstrates knowledge of evidence informed practice • Demonstrates an understanding of clinical governance <p>Teaching:</p> <ul style="list-style-type: none"> • Evidence of teaching experience and/or training in teaching 	<p>Research and quality improvement skills:</p> <ul style="list-style-type: none"> • Demonstrates an understanding of research methodology • Evidence of relevant academic and research achievements, and involvement in a formal research project • Evidence of relevant academic publications • Evidence of involvement in a quality improvement project or other activity which: <ul style="list-style-type: none"> ➢ Uses recognised QI methodology ➢ Focuses on patient safety and clinical improvement ➢ Demonstrates an interest in and commitment to the specialty beyond the mandatory curriculum • Evidence of exceptional achievement in medicine <p>Teaching:</p> <ul style="list-style-type: none"> • Evidence of involvement in teaching students, postgraduates and other professionals and evidence of participation in a teaching course 	<p>Application form</p> <p>Interview/selection centre</p> <p>References</p>
Personal skills		
<p>Communication Skills:</p> <ul style="list-style-type: none"> • Demonstrates clarity in written/spoken communication, and capacity to adapt language to the situation, as appropriate • Able to build rapport, listen, persuade and negotiate <p>Problem Solving and Decision Making:</p> <ul style="list-style-type: none"> • Capacity to use logical/lateral thinking to solve problems/make decisions, indicating an analytical/scientific approach <p>Empathy and Sensitivity:</p> <ul style="list-style-type: none"> • Capacity to take in others' perspectives and treat others with understanding; sees patients as people • Demonstrates respect for all <p>Managing Others and Team Involvement:</p> <ul style="list-style-type: none"> • Able to work in multi professional teams and supervise junior medical staff 	<p>Management and Leadership Skills:</p> <ul style="list-style-type: none"> • Evidence of involvement in management commensurate with experience • Demonstrates an understanding of NHS management and resources • Evidence of effective multi-disciplinary team working and leadership, supported by multi-source feedback or other workplace based assessments • Evidence of effective leadership in and outside medicine <p>Other:</p> <ul style="list-style-type: none"> • Evidence of achievement outside medicine • Evidence of altruistic behaviour e.g. voluntary work 	<p>Application form</p> <p>Interview/selection centre</p> <p>References</p>

PERSON SPECIFICATION 2022

<ul style="list-style-type: none"> • Ability to show leadership, make decisions, organise and motivate other team members; for the benefit of patients • Capacity to work effectively with others <p>Organisation and Planning:</p> <ul style="list-style-type: none"> • Capacity to manage/prioritise time and information effectively • Capacity to prioritise own workload and organise ward rounds • Evidence of thoroughness (is well prepared, shows self-discipline/commitment, is punctual and meets deadlines) <p>Vigilance and Situational Awareness:</p> <ul style="list-style-type: none"> • Capacity to monitor developing situations and anticipate issues <p>Coping with Pressure and Managing Uncertainty:</p> <ul style="list-style-type: none"> • Capacity to operate under pressure • Demonstrates initiative and resilience to cope with changing circumstances • Is able to deliver good clinical care in the face of uncertainty <p>Values:</p> <ul style="list-style-type: none"> • Understands, respects and demonstrates the values of the NHS (e.g. everyone counts; improving lives; commitment to quality of care; respect and dignity; working together for patients; compassion) 		
<p>Probity – professional integrity</p>		
<ul style="list-style-type: none"> • Demonstrates probity (displays honesty, integrity, aware of ethical dilemmas, respects confidentiality) • Capacity to take responsibility for own actions 		<p>Application form Interview/selection centre References</p>
<p>Commitment to speciality – learning and personal development</p>		
<ul style="list-style-type: none"> • Shows initiative/drive/enthusiasm (self-starter, motivated, shows curiosity, initiative) • Demonstrable interest in, and understanding of, the speciality • Commitment to personal and professional development • Evidence of self-reflective practice 	<ul style="list-style-type: none"> • Extracurricular activities / achievements relevant to the speciality • Evidence of participation at meetings and activities relevant to the speciality • Evidence of attendance at organised teaching and training programme(s) relevant to the speciality 	<p>Application form Interview/selection centre References</p>

PERSON SPECIFICATION 2022

ⁱ 'When is this evaluated' is indicative but may be carried out at any time throughout the selection process.

ⁱⁱ The published deadline' refers to a deadline date set in each recruitment round; this date will be specified clearly within the published advertisement for that recruitment round.

ⁱⁱⁱ Eligibility for the specialist register must have been approved by the GMC to be considered.

^{iv} 'Selection centre' refers to a process, not a place. It involves a number of selection activities which may be delivered as part of the assessment process.

^v The GMC introduced the licence to practise in 2009. Any doctor wishing to practise in the UK after this date must be both registered with and hold a licence to practise from the GMC at time of appointment.

^{vi} 'The advertised post start date' refers to the first date from which posts recruited in a round can commence. This will be specified clearly within the published advertisement for that recruitment round.

^{vii} Details of internationally accredited JRCPTB internal medicine training programmes can be found on the JRCPTB website: <https://www.jrcptb.org.uk/about-us/international-training/locations>

^{viii} Applicants who have an ARCP outcome with all capabilities signed off apart from the full MRCP (UK), will be eligible to apply on this basis, subject to the normal rules on completing the MRCP (UK). Additionally, anyone who has an ARCP outcome 10.1 will be eligible to apply on the competence criterion and will be required to complete outstanding competences in their higher specialty programme.

^{ix} The *Alternative Certificate to Enter Group 2 Higher Physician Specialty Training* is a document designed by the JRCPTB listing the necessary core capabilities required for progression to ST3, as defined in the internal medicine stage 1 curriculum: <https://www.jrcptb.org.uk/internal-medicine>. The certificate is available to download from the Physician Recruitment website: <http://www.st3recruitment.org.uk/recruitment-process/am-i-eligible/core-competences>. Applicants must ensure the version of the form they are using meets the requirements detailed on the website.

^x Applicants are advised to visit the GMC website which gives details of evidence accepted for registration.

^{xi} Any time periods specified in this person specification refer to full time equivalent

^{xii} For information on how experience in acute care common stem specialties will be counted, please visit the Physician Recruitment website: <http://www.st3recruitment.org.uk/recruitment-process/am-i-eligible/experience>

^{xiii} The Support for Application to another region form, signed by the Training Programme Director of their current Specialty Training Programme confirming satisfactory progress must be submitted to the recruitment office managing that application at time of application.

^{xiv} Programmes in Group 1 higher medical specialties are dual accredited with Internal Medicine Stage 2. Applicants who hold a CCT in internal medicine are eligible to apply but should note that they will be expected to fulfil the internal medicine service requirements of any post they are offered and will be unable to reduce the length of the programme.
