ⁱ 'When evaluated' is indicative, but may be carried out at any time throughout the selection process.

ⁱⁱ 'Time of appointment' refers to the date at which the post commences, not (necessarily) the time an offer is accepted.

ⁱⁱⁱ The GMC introduced the licence to practise in 2009. Any doctor wishing to practise in the UK after this date must be both registered with and hold a licence to practise from the GMC at time of appointment.

^{iv} 'Intended start date' refers to the first date from which posts recruited in a round can commence. This will be specified clearly within the published advertisement for that recruitment round.

^v Any time periods specified in this person specification refer to full time equivalent.

^{vi} 'Selection centre' refers to a process, not a place. It involves a number of selection activities which may be delivered within the unit of application.

^{vii} Applicants are advised to visit the GMC website which gives details of evidence accepted for registration.

^{viii} The Support for Application to another region form, signed by the Training Programme Director of their current Specialty Training Programme confirming satisfactory progress must be submitted to the recruitment office at time of application.

^{ix} Any time periods specified in this person specification refer to full-time-equivalent.

^x The list of 30 'physicianly medical specialties', as defined by JRCPTB, can be viewed on their website at: <http://www.jrcptb.org.uk/trainingandcert/ST3-SpR/Pages/Introduction.aspx>

^{xi} Exceptional circumstances may be defined as a demonstrated change in circumstances, which can be shown on the ability to train at that time and may include severe personal illness or family caring responsibility incompatible with continuing to train. Applicants will only be considered if they provide a 'support for reapplication to a specialty training programme' form signed by both the Training Programme Director / Head of School and the Postgraduate Dean in the LETB / Deanery that the training took place. No other evidence will be accepted.
