PERSON SPECIFICATION 2023

ⁱ The published deadline¹ refers to a deadline date set in each recruitment round; Round 1 (30/03/2023) Round 2 (20/04/2023) Round 3 (23/10/2023)

ⁱⁱ 'When is this evaluated' is indicative but may be carried out at any time throughout the selection process.

ⁱⁱⁱ The GMC introduced the licence to practise in 2009. Any doctor wishing to practise in the UK after this date must be both registered with and hold a licence to practise from the GMC at time of appointment.

^{iv} Time of appointment refers to the date at which the post commences

^v 'Selection centre' refers to a process, not a place. It involves several selection activities which may be delivered within the unit of application.

^{vi} Applicants are advised to visit the GMC website which gives details of evidence accepted for registration.

^{vii} Any time periods specified in this person specification refer to full time equivalent.

^{viii} The 'support for reapplication to another region' form, signed by the Training Programme Director of their current specialty training programme confirming satisfactory progress must be submitted to the recruitment office at time of application.

^{ix} Exceptional circumstances may be defined as a demonstrated change in circumstances, which can be shown on the ability to train at that time and may include severe personal illness or family caring responsibility incompatible with continuing to train. Applicants will only be considered if they provide a 'support for the reapplication to a specialty training programme' form signed by both the Training Programme Director / Head of School and the Postgraduate Dean in the LETB / Deanery that the training took place. No other evidence will be accepted.
